OKLAHOMA CITY, Feb. 14 .- The senate committee on roads and highways today reported favorably on the cenate good roads measure providing for a \$50,000,000 bond issue for construction and maintenance of the reads to be built under the program. Only minor changes were made in the measure by the senate subcommittee which revised the draft of the committee as a whole.

Immediate gonsideration is now expected and no doubt attempts may be made to after the bill, but the forces of the administration are forces of the administration are lined up for a fight to put through the bill in the form that is suitable

leans in the house lost their amendment to the proposed good roads measure providing for a \$50,000,000 bond issue, requiring the names of the members of the commission to be selected by each of the political parties represented in the legislature. As the section of the bill providing for the commission now stands the governor will have the power to appoint two members from each party. The good roads bill received the attention of both houses during the day to the exclusion of practically everything else. In the senate there appears to be an opinion prevailing among the representatives from the oil counties that the provision in the bill making five-sixths of the gross production oil tax applicable to this fund is unfair to them and a disposition is shown to protest that feature of the bill.

Tules Street Railway Promises Meet Part of the Demands of Kendall Residents.

Airbrakes will be put on the Kenall line street cars as soon as the equipment can be installed, but the company is not ready to promise that it will put conductors on these cars at present, a representative of the Tulas Street Railway company told the members of the Kendall Civic club at a special meeting held Thursday night for the purpose of discussing the street car situation.

On account of the blizzard, which was at its worst at the hour set for the meeting the street car situation. the meeting, there was only about a dozen members of the club present. D. G. Elliott, president, said that another meeting would be called for one night next week when matters of interest to the residents of Ken-dall would be discussed.

There are little eyes upon you, and they're watching night and day;
There are little ears that quickly take in every word you day.
There are little hands all eager to do earything you do.
And a little boy that's greaming of the day he'll be like you.

You're the little fellow's idel, you're
In his little mind about you no suspicionis ever rise.
He believes in you devoully, holds that
all you say and do
He will say and do in your way when
he's grown up just like you.

Oh, it sometimes makes me shudder when I hear my boy rebeat. Home careless phrase I've uttered in the language of the street.

And it sets my heart to grieving when acome little fault I see.

And I know heavend all doubting that he picked it up from me.

There's a wide-eyed little fellow who believes you're always right.

And his ears are always open and he watches day and night.

You are setting an example every day in all you.

For the little boy who's waiting to grow up to be like you.
